Brand New Book ***** Print on Demand *****.Excerpt from Life and Character of William Penn, the Indian s Friend and Founder of Pennsylvania Ever since this world has been inhabited by mankind, there have been men whose characters have stood out pre-eminently from the great majority. In speaking of the past, some have to be admired as poets and painters; others as having displayed their intellectual powers as philosophers and statesmen, and a number, not less worthy of our admiration, as theologians and historians. Many eminent men have appeared on this world s stage, in these different departments of science and art, but as they were dust, unto dust have they returned, showing us that as the leaves of successive autumns follow each other to the earth, so do the various generations of men pass on to the tomb. But, although they have disappeared from amongst us themselves, they have left behind them words and works which will live and be admired till nature itself decays. William Penn has not left behind him any great works which show him to have been a great literary character, but he might have produced greater works than he has done had he not employed so much of his time in defending and advancing the Quaker religion, the denomination to which he belonged.
