

## Making Sense of Maths: All Things Equal: Solving Equations and Algebraic Manipulation: Student Book

By Susan Hough, Frank Eade, Paul Dickinson, Steve Gough, Stella Dudzic

Hodder Education. Paperback. Book Condition: new. BRAND NEW, Making Sense of Maths: All Things Equal: Solving Equations and Algebraic Manipulation: Student Book, Susan Hough, Frank Eade, Paul Dickinson, Steve Gough, Stella Dudzic, Making Sense of Maths is the only series that develops conceptual understanding. This series will motivate, engage and develop the conceptual understanding of students at KS3 and KS4. Students build their own problem solving strategies based on their understanding of the world around them which then support them to tackle functional questions. The Student's Book, used in conjunction with the workbook and teachers' book, provides engaging activities that support students in developing a true understanding of solving equations and algebraic manipulation. Making Sense of Maths has been based on Realistic Maths Education (RME) and extensively trialled in KS3 and KS4 classrooms in the UK by a team from Manchester Metropolitan University. - Use alongside existing resources or on its own - Ideal for Year 10s heading for the C/D borderline - Ideal for intervention groups - Supports the move from modular to linear specifications by improving knowledge retention - Provides support for good teaching and learning under the current Ofsted criteria.

### Reviews

*This written publication is wonderful. It really is loaded with knowledge and wisdom You will not really feel monotony at at any time of your time (that's what catalogues are for relating to if you ask me).*

-- **Desmond Becker**

*Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of the time (that's what catalogues are for regarding if you ask me).*
