

Yellow Dirt: An American Story of a Poisoned Land and a People Betrayed

By Judy Pasternak

SIMON SCHUSTER, United States, 2010. Microfilm. Book Condition: New. 234 x 157 mm. Language: English . Brand New Book. WINNER OF THE J. ANTHONY LUKAS WORK-IN-PROGRESS AWARD Atop a craggy mesa in the northern reaches of the Navajo reservation lies what was once a world-class uranium mine called Monument No. 2. Discovered in the 1940s--during the government's desperate press to build nuclear weapons--the mesa's tremendous lode would forever change the lives of the hundreds of Native Americans who labored there and of their families, including many who dwelled in the valley below for generations afterward. Yellow Dirt offers readers a window into a dark chapter of modern history that still reverberates today. From the 1940s into the early twenty-first century, the United States knowingly used and discarded an entire tribe for the sake of atomic bombs. Secretly, during the days of the Manhattan Project and then in a frenzy during the Cold War, the government bought up all the uranium that could be mined from the hundreds of rich deposits entombed under the sagebrush plains and sandstone cliffs. Despite warnings from physicians and scientists that long-term exposure could be harmful, even fatal, thousands of miners would work there...
