Most high school students that are fast approaching graduation are not aware yet of the challenges they will face. They simply don t know what they don t know. They have spent 12 years being educated but will soon find out that they do not have all the tools needed to succeed in life. When they purchase their first car, they will not use Algebra but they will need to understand the Time Value of Money equation to calculate the payments. Who teaches them that in school? The average American has around \$8,500 in outstanding credit card debt.
